Principal's Message

Robin Yeargain

Dear EDUPRIZE Parents,

Exciting things are happening at our school! We have candy grams, parent-teacher conferences, the Sweethearts Dance, and Boosterthon to look forward to. Each day, we celebrate our achievements and work together to reach our goals.

Next week, we will be holding parent-teacher conferences, which are crucial for the third quarter. Teachers want to meet with each family to discuss your child's academic progress and growth, highlighting both strengths and areas for improvement. These conferences will provide insight into grade-level proficiency and future readiness. If you haven't signed up for a meeting with your child's teacher, please do so as soon as possible!

I'm also excited to announce that our Boosterthon Fun Run will kick off on Tuesday, February 25th. We will have a special two-week pre-registration period starting Tuesday, February 11th. If we can get 200 families to pre-register, we will hold a drawing for one free lunch day for the entire fourth quarter! The lucky winner can choose which day they would prefer, which equates to about eight free lunches from our catered lunch program.

This year, our Boosterthon theme is Castle Quest, where students will embark on a journey to reclaim Bravemore Castle while learning about Focus, Self-Awareness, Respect, Trustworthiness, Creativity, and Lifelong Learning. Boosterthon not only offers an amazing character development program but also helps EDUPRIZE fundraise for necessary technology updates and enrichment opportunities. I truly enjoy partnering with Boosterthon to equip our school with the tools needed for academic success.

I hope to see you on campus next week!

Have a wonderful weekend!

Kind regards,

Robin

SEL CORNER

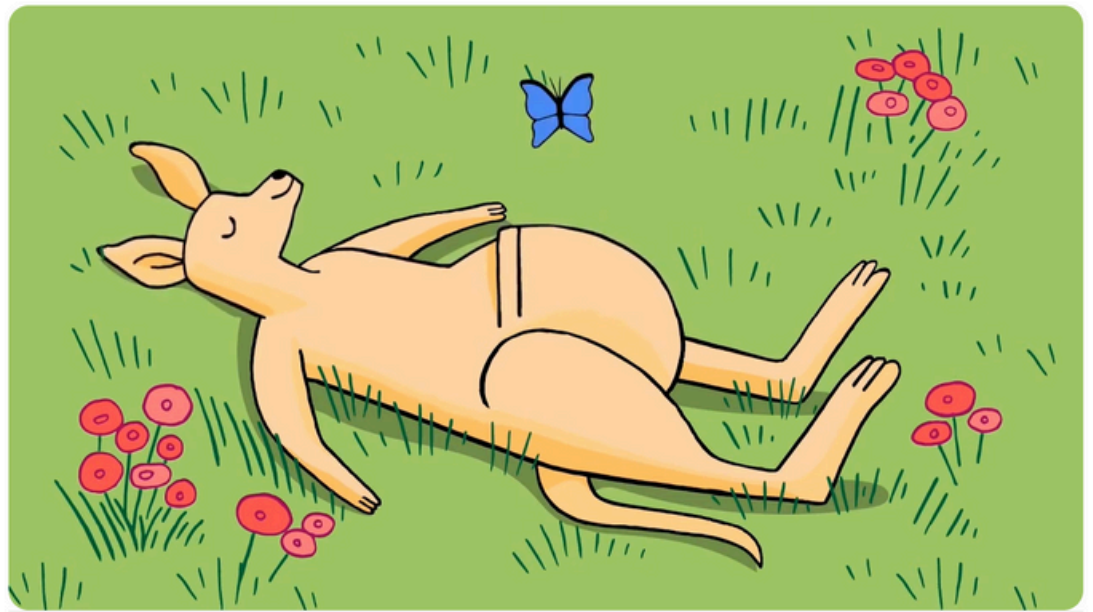

(SOCIAL AND EMOTIONAL LEARNING)

Dear EDUPRIZE families,

This week's SEL tip comes from Mrs. Kosienski, one of our incredible second grade teachers. It is called "Butterfly Body Scan." In this exercise, your child can sit or lay down, close his/her eyes and imagine a butterfly landing on each part of their body. Here is a great, 5 minute [YouTube video](#) that guides kids on how to do this. This type of exercise helps kids be more mindful and present as they slow down to just notice each part of their body and how it feels.
