## Principal's Message

Dear EDUPRIZE Parents,

It's hard to believe we're nearing the end of the school year! As we enjoy these final weeks together, we'll continue to keep our classroom routines steady. Even with all the excitement in the air, there's still important learning to be done—and sticking to our routines helps students feel calm, confident, and ready for each day.

This time of year can bring mixed emotions for kids—joy, excitement, and sometimes a bit of worry about the changes ahead. Keeping a sense of structure, both in school and at home, helps them feel safe and supported through it all.

We'll stay focused on academics over the next two weeks, and during the last week, we'll begin celebrating all the hard work and growth that's happened this year. You can help by gently reminding your child to continue "Going for the Gold"—doing their best, following classroom expectations, and showing kindness. Every little bit of effort matters!

We also want to give a big thank you to all of you. We've noticed your efforts—getting your children to school on time, following pick-up routines, and cheering them on day after day. Your support means the world to us.

And don't forget—next week is packed with fun:

 **Water Days** are here!

 **Teacher & Staff Appreciation Week** is coming too—let's shower our amazing team with love!

Thank you for being such a special part of our EDUPRIZE community. We're finishing strong—together!

Have a wonderful weekend!

Kindly,  
Robin
