

# EDUPRIZE Gilbert Campus

## SPORTS Programs

### 4th—12th Grades

EDUPRIZE Gilbert's Sports Program offers a competitive athletic program that is held in conjunction with the Arizona Canyon Athletic Association. Students who make the team will need to pay a **\$200 non-refundable participation fee per sport**. Practice times can be before or after school.

Athletic forms for the 2025-26 school year can be found here:

## The Importance of School Sports at EDUPRIZE

At EDUPRIZE, we recognize that sports are more than just games—they're an essential part of a well-rounded education. Especially for students in middle and high school, athletics offer valuable opportunities to build confidence, manage stress, and develop lifelong healthy habits.

Participation in school sports supports physical fitness, encourages teamwork, and helps students strengthen their leadership and communication skills. It also provides a healthy outlet for energy, boosts self-esteem, and contributes to improved focus and behavior in the classroom.

That's why we're continually investing in our athletics program—adding new sports, upgrading equipment, enhancing our gym spaces, and providing updated uniforms. Our goal is to ensure that every student who wants to participate can do so in a supportive, well-equipped environment.

At EDUPRIZE, sports are more than an activity—they're a pathway to growth, balance, and personal achievement.

## We offer a variety of sports programs throughout the year!

*Minimum participation must be met in order to offer each program.*
