

EAGLES

EDITION

Dear EDUPRIZE Parents,

The first four days have been amazing! The students were able to learn classroom routines and expectations, as well as get to know their classmates. Teachers use these first few weeks of school to set the tone and establish that special bond between student and teacher. Ms. Vehon, Vice Principal, Meg Deist, Dean of Students, and I were able to visit every classroom to welcome them and introduce ourselves, our expectations and our theme this year, Cheers to 30 Years. We also talked about our Core Values, THRIVE, and our school rules of SOAR. Quiz your child and see if they can tell you about both of these words. Next week, students will dive into a more structured curriculum, setting the daily routines. Students will have homework, so make sure to check your child's teacher newsletter for specifics.

We want all students to master the standards of learning for their grade level. Do you know what is expected for them? Come to curriculum night to learn what grade levels are doing and what they are using to get there. Like previous years, each session will start with an administrator doing an overall school introduction. We will take a few minutes to give an overview of our school procedures as well as provide pointers for a successful year! After the introduction, you will be dismissed to your child's classroom. We hope that you will be in attendance that night so our partnership will continue to grow!

Curriculum nights will be from 5:00-6:30 on these days, please save the date! Specific information will come directly from your child's teacher.

August 5th: **Kindergarten** (Bldg. 3 Gym) & **1st Grade** (Bldg. 3 Theater) will be 5:00-6:00pm
2nd Grade (Bldg. 3 Gym) & **3rd Grade*** (Bldg. 3 Theater) will be 5:30-6:30pm

August 6th: **4th Grade*** (Bldg. 3 Gym) & **5th Grade** (Bldg. 3 Theater) will be 5:00-6:00pm
6th Grade (Bldg. 3 Gym) will be 5:30-6:30pm

***Dr. Gordon-Smith will provide additional information to 3rd and 4th grade parents about state testing.**

Last but not least, thank you for your patience with carpool, as each day got a little better. Starting Monday, we will begin using our new system that will keep our students inside until you pull up in the lane. ***Your child is bringing home a paper today for you to put on your dashboard.*** This paper has your family ID number on it, which will be scanned by personnel when you pull into the lane, which triggers a message to the teacher to send the child out. I'm sure the first few days will have some bumps, but just like this week, it will smooth out and this new system will keep our students both out of the sun and safe!

Have a great weekend!

Kindly,
Robin

5:30 - 6:30 PM
6th Grade (B3 Gym)

6th: Elementary Curriculum Night
(TBD)

7th: Board Meeting
B1 Media Center - 1:00PM

Drive Line

How Our Dismissal Process Works

Each child is assigned a unique number that links them directly to you. This number will be written in the designated box on your carpool tag, which should be clearly displayed in your vehicle's window.

Here's what to expect:

- As you arrive, our staff will walk down the car lanes and enter your number into our dismissal system. (There is no app for parents; only staff use the system.)
- Once your number is entered, a notification is sent directly to your child's teacher(s) to release them.
- If you have more than one child, they will all be connected to the same number. Each of their teachers will receive the notification at the same time.
- Students will promptly exit the building and head to their assigned lane, ready for pickup.
- As cars move forward, the lanes continue flowing smoothly, keeping the process efficient and safe.

A Few Important Reminders:

- Arrive at your assigned time not earlier. Students will not be dismissed before their designated time. Early arrivals will be asked to exit and return at the correct time, as arriving early clogs the lanes and slows everything down.
- Stick to your assigned lane. Students will be directed to the appropriate lane; please don't switch on your own.
- Staff will begin entering car numbers a few minutes before dismissal, but notifications will not be sent to teachers until the exact dismissal time.
- Numbers are entered only as vehicles enter the pickup lanes. Students will not be dismissed for families waiting in the parking lot or at the gate.
- All students must be picked up from a lane. Walkers, bike riders, and student drivers must have approved forms on file to leave campus independently.
- Kindergarten students will not use the Driveline system during Semester 1. Mrs. Moon and Mrs. Jackson will personally walk them to Lane 1 each day.

We are truly excited about this system, it prioritizes safety, efficiency, and peace of mind involved. Thank you for helping us make it successful!

Late Policy

Starting Monday, July 28th our Late Policy will be enforced.

Our late policy is set to help our students be prepared for learning, which starts with being on time.

- Gates will close 5 minutes before the beginning of school. This allows the teacher to pick up the children and be in their class at the start of school.
- IF the gate is closed, you will need to park and walk your child into the front office to sign the child in for the day.
- If the child is **NOT** signed in, the child will be in a holding room until the child is signed in.
