

# EAGLES

# EDITION

Dear EDUPRIZE Families,

I want to take a moment to share an important update with you and, most importantly, to reassure you of our continued commitment to your children and our school community.

As shared in the message from our Superintendent, Dr. Gordon-Smith, EDUPRIZE will be **phasing out the in-person grades 9–12 program following the 2025–26 school year**. I encourage you to carefully read the letter from Dr. Gordon-Smith that was sent out at 3PM today, as it provides important context and details regarding this decision.

Please know that **we are fully committed to finishing this school year strong**, just as we would any other year. Our focus remains on high-quality instruction, strong relationships, and supporting students academically and personally through the remainder of the year.

Additionally, I want to assure our families that **grades 7–8 will continue with the same model, expectations, and intentional focus on academic excellence**. There are no changes to our junior high program, and we remain deeply committed to providing a strong, supportive learning environment for these students. We understand that change can bring questions, and we want to be available to support you. Q&A meetings will be offered for families who would like more information, and you are always welcome to reach out to me directly by phone or email. I am here to help and to partner with you through this process.

Thank you for your continued trust, support, and involvement in our EDUPRIZE community.

Kindly,  
Robin Yeargain  
Interim Principal
