

# EAGLES

# EDITION

Dear EDUPRIZE Parents,

Thank you for joining us during conference week. We truly value the time you took to meet with teachers and partner with us in supporting your child's growth. Our teachers shared important information to help guide conversations around celebrating progress and setting goals so that every student can achieve academic success with grade-level standards.

Students are getting excited for **Eagle Expo on Tuesday, February 24**, which is just two weeks away. Classes are preparing to showcase their learning through interactive games and activities, and we look forward to seeing families experience the creativity and knowledge our students have been building. It will be a fun and engaging event for everyone! Eagle Expo is from 5-6:30PM.

Finally, please remember there will be no school on Monday in observance of Presidents' Day. This federal holiday honors the lives and contributions of U.S. presidents, especially George Washington, the nation's first president. As our country approaches the 250th anniversary of United States in 2026, this is a meaningful time to reflect on our nation's history, leadership, and civic responsibility.

Have a wonderful 3 day weekend!

Kindly,  
Robin
