

EAGLES

EDITION

Dear EDUPRIZE Parents,

Today was an exciting day as we celebrated our **A+ Celebration and Big Booster Bonanza!** It was such a joy to come together as a community and recognize the many accomplishments we have achieved this year.

A special shout-out to one of our seniors, **Joelyn**, who spoke so eloquently about the impact of her high school years and how it all centered around the heart of EDUPRIZE—the people. Her message was meaningful and a beautiful reflection of all 4 years she has been here!

We are now down to **24 days of school**, and we all know how quickly this time will pass! Please be sure to keep a close eye on the calendar, as there are many important events coming up, including:

- Prom
- Senior Dinner
- Q4 Assembly
- Teacher Appreciation Week
- Eagle Expo

Over the past two weeks, we have seen a huge increase in disciplinary incidents, along with a decline in academic focus. This time of year, can be challenging, especially with transitions like the closing of in-person high school, and it is not uncommon for students to lose focus or ease up on their responsibilities.

However, it is important that we work together to keep students on track. When focus decreases, we often see an increase in off-task behavior, incomplete assignments, and declining performance on assessments. Please know that we will continue to follow our handbook policies to ensure a safe and productive learning environment for all students.

We also want to emphasize that **these final five weeks truly matter**. Students will be taking cumulative final exams, which are a significant part of their overall grade. Success on finals is built over time: consistent effort, completing assignments, and staying engaged each day are essential to mastering the material.

I ask for your partnership in encouraging your child to stay focused, keep up with their work, and finish the year strong. Talking about these expectations does make a meaningful difference.

Thank you and have a wonderful weekend!

Kindly,
Robin
