# EDITION

Dear EDUPRIZE Parents,

It's hard to believe we're nearing the end of the school year - only 19 days left! This time of year can bring mixed emotions for kids—joy, excitement, and sometimes a bit of worry about the changes ahead. Keeping a sense of structure, both in school and at home, helps them feel safe and supported through it all. We will also begin celebrating all of the learning your child has done this year - starting with Water Day!

### **100-Hour Reading Celebration - Water Day!**

Students who have logged 100 or more hours of reading will be invited to our annual Water Day celebration next week, filled with water activities and bouncy house slides! Coach Bonilla and our specialists have planned an unforgettable day for our hardworking readers!

### **200-Hour Readers - Pancakes with the Principals!**

Students who've hit 200+ reading hours will be treated to a special breakfast with the principals the week following Water Day. It's a fun, relaxed time to eat pancakes, share about favorite books read this year, and maybe even hear a few silly jokes!

### **School Climate Survey**

We'd like your feedback on what we are doing well and how we can continue to improve. Please take a moment to [fill out this survey](#) (from 4/17-5-15) to give us your opinions!
