

Welcome to 7th Grade Science!

2026–2027 School Year

Dear Students and Families,

Welcome to an exciting new year of 7th Grade Science! My name is **Faith Frye**, and I am thrilled to begin another amazing year of learning, exploring, and discovering with your student. This year will be filled with hands-on labs, experiments, STEM activities, teamwork, and opportunities to think like real scientists.

In our classroom, students will investigate the world around them through topics such as:

- Life Science 
- Earth & Space Science 
- Physical Science 
- Scientific Inquiry & Engineering 

Our goal is to create a classroom environment where students feel safe asking questions, trying new things, and learning from mistakes. Science is all about curiosity, creativity, and problem-solving!

What Students Can Expect

This year students will:

Participate in engaging labs and experiments

Work collaboratively with classmates

Use technology and interactive activities

Develop critical thinking and problem-solving skills

Learn how science connects to everyday life

Classroom Expectations

To help everyone succeed, students are expected to:

- Come prepared and ready to learn
- Participate respectfully
- Stay organized
- Give their best effort
- Follow all lab safety procedures

Suggested Supplies

Students should bring:

- Composition notebook
- Folder or binder
- Pencils/pens
- Colored pencils

- Glue stick
- Headphones/earbuds
- Chromebook (if issued)

Optional classroom donations such as tissues, paper towels, and disinfecting wipes are always appreciated.

Communication

I strongly believe communication between school and home is important for student success. Please do not hesitate to reach out with any questions or concerns throughout the year.

We are going to have a fantastic year full of learning, laughter, and discovery. I cannot wait to meet everyone and begin our journey through the amazing world of science!

Sincerely,

Faith Frye
